**Subject:** Essex Highways: Parish Council information – Marks Tey Station Bridge

I am writing to draw your attention to the latest website update on the [Marks Tey Station Bridge, Vehicle Restraint System \(VRS\)](#) webpage.

### **Road reopened**

We are pleased to confirm the installation of the vehicle restraint system (VRS) at Marks Tey Station Bridge is complete and the road closure on North Lane has been lifted.

Work to reconnect the lighting column near the bridge is outstanding and will be completed by UKPN in due course.

We would like to thank local residents and businesses for their patience and co-operation while we completed these works.

Can you kindly share this information with your parish council and local residents.

***Please be aware we are unable to respond directly to highway requests or queries from the public sent to this mailbox. These should be addressed to the Essex County Council customer service team either by telephone: 0345 603 7631 or by completing the online form: <https://www.essex.gov.uk/enquiries>.***

### **Service Information Centre**

**Safer, greener, healthier**
